# ESL PROGRAMS AT NIAGARA COLLEGE

Niagara College's English language programs are accredited by Languages Canada – the premier Canadian language organization representing the country's two official languages. All English teachers are TESL certified and many have taught English as a Second Language internationally. Many of the faculty who teach into the ESL Program at Niagara College are global educators with graduate degrees who also teach into the TESL Certificate Program administered by the School of English Language Studies.

Our English programs are widely accepted by international scholarship bodies, including the Saudi Arabian Cultural Bureau, Becas Chile and the Government of Brazil's Ciencia Sem Fronteiras program. The College has been very successful in receiving accreditation of its ESL programs in several other jurisdictions around the world.

Niagara College's ESL programs incorporate strategies from the Compton P-ESL Pronunciation program and accent modification techniques that focus on suprasegmentals such as rhythm, intonation, linking and stress, to help students realize noticeable improvements in the clarity of their communication skills.

# CAMPUS LOCATIONS

Niagara College is located in the beautiful Niagara Peninsula, close to the world famous Niagara Falls. The Niagara Region is in the southwestern part of the Province of Ontario, 135 km from the city of Toronto by car, bus or train. Transportation around the Region is easily accessible with Welland, St. Catharines and Niagara Falls all within a 20 minute drive. Academic sessions are held at the Welland Campus which is set on 100 acres of green space and houses the International Division, home of the College's School of English Language Studies. The International Division at Niagara College has grown exponentially over the past ten years.

In June 2013, the new Segal International Centre was unveiled boasting an 8,500 square-foot facility designed to accommodate the growing international enrolment and activities. The Segal International Centre provides a one-stop service experience for Niagara College's international students. The open-concept design includes a reception and service area that includes international admissions, housing and financial aid services, along with offices and workspace for staff and international development projects. In 2018, another Segal International Centre was opened at the Daniel J. Patterson Campus with the same amenities and student supports.

# HOMESTAY ACCOMMODATIONS

The best way to introduce a student to a new country is to allow them to experience it through the warmth of a family home. We believe that a homestay family is as important to a student's experience as their classes. Homestay is a housing program offered to international students studying at Niagara College, which puts emphasis on a first-hand introduction to Canadian culture and the Niagara Region. Wonderful local families provide support and assistance while students adapt to the lifestyle and demands of learning a second language. Homestay families are as diverse as the international students who attend Niagara College and have the desire to contribute to the lives of others. Every student in a homestay has their own room, bed, closet and study area. Also, most of our homestays are within close walking distance (10-20 minutes) of the College, and many families provide bicycles for the student to ride should they choose to do so, depending on the arrival date/season. Three nutritious meals a day are included in the Homestay option for added convenience.
